...

The Military Innovation Framework is a tool to describe the different kinds of innovation: incremental, modular, radical, and architectural (or doctrinal). All four types can generate sustaining innovations, otherwise known as evolutionary change, but only the architectural type can result in a disruptive—revolutionary—innovation.

## **Contemporary Military Innovation - h2opalermo.it**

In peacetime, Rosen finds, innovation has been the product of analysis and the politics of military promotion, in a process that has slowly but successfully built military capabilities critical to American military success. In wartime, by contrast, innovation has been constrained by the fog of war and the urgency of combat needs.
