A sweeping account of Big Tech's growing takeover of our lives, Andrew Keen's How to Fix the Future describes Silicon Valley monopolies.

How to Fix the Future by Andrew Keen: Book Review | Fortune

Keen's new book, How to Fix the Future, based on research, analysis, and Keen's own reporting in America and around the world, showcases global solutions for our digital predicament. After the huge changes of the Industrial Revolution,

civilized societies remade nineteenth-century capitalism into a more humane version of itself, and Keen shows how we can do the same thing in the wake of ...

How to Fix the Future — Andrew Keen

A leading critic of the internet finds encouraging signs of reform. Silicon Valley veteran and GQ columnist Keen (The Internet Is Not the Answer, 2015, etc.) argues that "we humans must seize back control of our own fate" amid the "bewilderingly fast change" of the digital age.In this engaging, provocative book, he outlines five strategies—regulation, competitive innovation, consumer ...

How to Fix the Future with Andrew Keen and Tom Hodgkinson: A Guide to Taking Back the Power from the Digital Overlords. I f you've been perturbed by the recent revelations around the use of your data for the purposes of selling stuff, or manipulating elections, you'll love our "fix the future" course. It addresses probably the most important issue of our times: our digital future.

How to Fix the Future with Andrew Keen and Tom Hodgkinson ...

Every day, we use resources that forests provide to us, such as timber, firewood, medicinal and edible plants. Yet if we continue to lose our forests at the current rate, in 80 years from now there will be no forest left on our "green" planet [2].. Deforestation is happening everywhere on the planet for many different reasons that vary from region to region.
