interesting, well-informed, well-written discussion of contemporary challenges and recent developments in the field of public administration, including globalization, devolution, and hyperpluralism. (Hal G. Rainey, Alumni Foundation Distinguished Professor, University of Georgia)

The Transformation of Governance: Public Administration ...

The Transformation of Governance offers a new framework for reconciling effective administration with the requirements of democratic government. Instead of thinking in terms of organizational structure and management, Donald F. Kettl suggests, administrators and theorists need to focus on governance, or the links between government and its broader environment—political, social, and administrative—through which social action occurs.

Now, Kettl notes, we must speak of governance, where the private, public, and nonprofit sectors work to address public needs. The book discusses well the issues related to this transformation. A good read if one wants to understand the more complex manner in which government attempts to meet public needs.... flag 3 likes · Like · see review

**The Transformation of Governance:
Public Administration ...**

The latter 20th and beginning of the 21st century have ushered in new forms of governance, opening the gates to what has been variously described as a “new public service,” a “multisectoral public service,” and a “state of agents.”

has so far dominated the world of literature clearly reveals that the academia in public administration, Public Management, Public policy, and political science have accepted Kettl's classic work with a warm welcome.

Donald F. Kettl (2002). The Transformation of Governance ...

Paradoxically, the importance of people practices in transformations is both good and bad news for public-sector change leaders. On the one hand, governments' public-service mission gives them a distinct advantage over private-sector peers when it comes to mobilizing people to live their values and achieve social outcomes.
